Focus

- Intellectual Property and Technology
- Patents
- Copyrights
- Trademarks

Intellectual property attorney focused on patents, claim analysis, and prior art evaluation. Combines technical insight with strategic legal judgment to support IP protection and enforcement.

Faith Battaglini focuses her practice on intellectual property matters with an emphasis on patent litigation and prosecution, as well as trademarks and copyrights. She is highly skilled in researching and analyzing underlying patent and IP litigation topics. Faith supports litigation pursuits through the strategic structuring and use of claim charts, analysis of prior art, and the proper organization of data for persuasive legal arguments and presentations. She combines technical insight with legal proficiency to help clients navigate complex IP issues with precision and clarity.
