Focus

- Alcohol Beverage
- Tobacco

Beth Goldberg is an alcohol beverage consultant and a member of GrayRobinson's Nationwide Alcohol Industry Team. She brings more than 28 years of experience working in the beverage industry with extensive background in all core functions of alcohol beverage control, including licensing, enforcement and trade practices, as well as government processes, administration and fiscal management. Beth specializes in beverage alcohol law, including tied-house regulations, public policy and regulatory affairs.

Beth recently served as Assistant Director for the California Department of Alcoholic Beverage Control (ABC), directing and overseeing the licensing, enforcement and administrative functions of twelve field offices as well as specialized units in the Department's Southern California division. She began her career with the California ABC in 1988 as an investigator, and she has held various line positions within the department during her tenure.
