## Claim for Preferential Tariff Treatment Under DR-CAFTA

The importer may make a claim for preferential tariff treatment based on either a written or electronic certification by the importer, exporter, or producer.

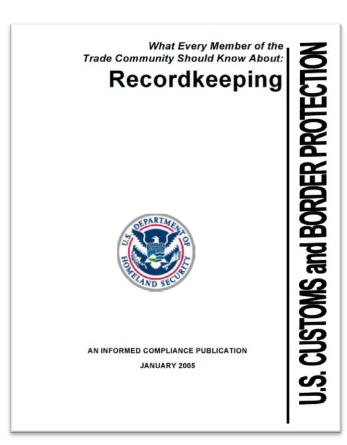

### **NAFTA: Recordkeeping**

19 C.F.R. § 181.21(a). Filing of claim for preferential tariff treatment upon importation.

... [D]eclaration must be based on a complete and properly executed original <u>Certificate of Origin</u>, or copy thereof, which <u>is in the possession of the importer</u> and which <u>covers the good being imported</u>.

### **CBP Recordkeeping Handbook**

- FREE RESOURCE
- This informed compliance publication is issued by CBP and available at <a href="https://www.cbp.gov">www.cbp.gov</a>

### **Recordkeeping Mistakes**

- Not having the documentation when you make the claim for preferential treatment
- As a general rule records must be kept for <u>5 years from the date</u> <u>of entry</u>.

### But 5 Years is a Long Time . . .

CBP allows common alternative recordkeeping methods such as: machine readable data, CD-ROM, and microfiche.

Mr. Peter A. Quinter, Esq. Gray Robinson, Attorneys at Law 1221 Brickell Ave, Suite 1600 Miami, FL 33131

RE: FP & F # 2013-

Dear Mr. Quinter:

This is regarding your response dated February 1, 2013, filed on behalf of seeking relief from a proposed monetary penalty under the provisions of title 19, United States Code, section 1509, in the amount of \$28,432.40.

In your pre-penalty response, you state that a language barrier existed; where the petitioner's primary language is Spanish, impairing communications with Customs and Border Protection (CBP). You further state that the petitioner substantially complied with the CBP-28's issued by CBP and that the petitioner, through his Customs broker filed a successful protest, in which CBP agreed that the merchandise qualified for Andean Trade Promotion and Drug Eradication Act (ATPDEA). You also state that immediate remedial action was taken to correct organizational or procedural defects to help prevent future incidents of non-compliance and request CBP to mitigate the penalty to \$14,186.00.

We have determined that a violation did occur and a penalty was appropriately issued. Our records indicate that failed to exercise reasonable care in maintaining, storing and providing the records demanded to substantiate the ATPDEA claims for its imported merchandise by failing to produce, upon demand by issuance of CBP Form 28's, records enumerated in the Customs Regulations pursuant to 19 U.S.C. 1509(a)(1)(A), commonly known as the "(a)(1)(A) list".

A review of our record shows that the has no recent prior recordkeeping violations. Therefore, we find that a reduction in the proposed penalty amount is warranted. Accordingly, please find the enclosed Notice of Penalty in the amount of \$14,216.20.

Should you require additional information concerning this mater, please contact Jay Jagtiani,
